F. Resignation/ Exit Interview-(for possible action)--Bill Calderwood was
confused with the agenda item title and did not think it would be appropriate to discuss an exit interview publicly. Kathy explained that it was more a discussion on what the Ag. Board could do to improve the position of the fairgrounds host, rather than an exit interview. Ceily provided a list of duties for the host Position and relayed that when she arrived in this position she had nothing to go by as far as responsibilities. She believed this would be beneficial for both the Ag. Board and the incoming fairgrounds host. Kathy asked Bill Calderwood where they were at in the hiring process. Bill C. replied that the position had already closed internally and is due for closure externally on February 11, 2020. Kathy and Ceily mentioned to the board how the position does not have set days off. They talked about how it was up to the host to put in requests for the days they wanted off and generated into a schedule for those needing the host’s services. Kathy asked the board if they would like to structure the position with a certain day off every week. The Ag. Board agreed to structure the days off once the employee was hired and the new budget comes out in July. Bill C. asked if members of the Ag. Board would like to be a part of the interviewing process. Kathy agreed that having the board members in the interview would be a great idea.

G. Replacement of Fairgrounds Host with Possible Modifications to the budgeted Hours. (For Possible Action)- The Ag. Board discussed their options on having a full or part time employee for the fairgrounds host position and what they could afford budget wise. Bill Calderwood suggested increasing the position’s hours from 1,040 hours to 1,600 hours with a possible seasonal employee. He also mentioned that last year the board budgeted for 860 hours of seasonal help. Ceily agreed with Bill C. Jimmy Jordan asked if it was possible to get a full time seasonal person that could be shared among the golf course and other entities. Bill said he could certainly try but the bigger issue was actually finding someone to fill a seasonal position and that last year they had a hard time finding temporary help. Bill told the Ag. Board that they should announce their future plans for this position in the interview for the fairgrounds host. Danielle Foley felt the recommendations were a great idea. Kathy had concerns about cutting into the capital improvement budget to increase hours, but felt it was inevitable and needs to happen with all the goals the board wants to accomplish and asked for thoughts. Jimmy Jordan asked for Ceily’s opinion regarding the hours. Ceily responded that if given more hours she probably could have used less seasonal help. Kathy asked
if 40 hours/week for the host and 16 hours/week for seasonal would be sufficient enough and keep the employees busy. Ceily said there could be plenty of work for a seasonal worker if projects were allocated properly. Jimmy moved to increase the hours budgeted for the fairgrounds host to 1,600 hours with a pay rate of $16.50/hr also including housing benefits, along with 16 hours/week for 24 weeks for a seasonal temp. position. Danielle Foley seconded the motion and the motion was carried.

**K. Social Media** (for Possible Action)-- Ceily reported that there was nothing new.

b. **Budget**-- $17,000.00 in a lump sum will go to Beta Sigma Phi. Bill Calderwood passed around budget packets to everyone. With the packets
was an email from Martin Troutt with requests which will be implemented into the budget. Bill C. explained salary and wages is already taken care of by the financial department. Central service allocations are expenses that the Ag. Board has, for human resources and financial services. Bill continued down each line item in the budget from 2019 adjust changes for the upcoming fiscal year’s budget. The operating expense was at 36% and asked the Board if they would like to make any changes. The line item stayed the same for 2020. Bill mentioned that most committee meetings are paying their secretaries between $80-$150 a meeting and asked if they would like to increase the budget for 2020 raising the secretary to $150 from $100. Kathy agreed as she felt the secretary pay for costs in printing agendas and minutes for the meeting. Danielle Foley also approved. Engineering cost of $10,000 was added to the budget for the planning of projects at the fairgrounds along with an additional $3,500 for tree trimming near the Host’s residence under the line item operating expense. Other than these changes the budget stayed the same for the fiscal year of 2020.

Board for $17,000.00. Carol asked if there was any way to put new fans in the blue building. The Board responded with the issue of upgrading the power. There were concerns that the fans will trip breakers and the power was not sufficient enough support fans just yet. Bill Calderwood reported that he has not yet heard back from Juan yet on his fans. Kathy informed Carol that the power upgrade is on their capital improvements list and will keep her in the loop on it. Carol also asked about the watering system for the grass around the Blue Building. She asked if maintainence could install it. Bill Calderwood replied it's not likely with the amount of work the maintenance department has to do already. Bill also mentioned that the board could add this to their capital improvements list as well. It was asked if the fairgrounds host or seasonal help could put it in. No one objected, since the fairground host is responsible for the watering of lawns and agreed it needed to be supervised by someone with experience.
