

Lund Town Council

Minutes of Meeting for

April 12, 2022

After the pledge, Chairman Jimmy Allred brought the meeting to order. Ann Hamilton started the public comment by mentioning that the street light in front of Frank Reid's house isn't working right.

Christina Rimington made a motion to approve the minutes of March 8, 2022 as written, Lee Ringueberg seconded that motion and all members approved.

Dump and Garbage cleanup. Christina brought up a town cleanup that was done last month and asked if there was anything on the Town Council's end that could help attract more people. Maybe a BBQ or something. More cleanups are needed. Shawn Hamilton mentioned that the Lund Irrigation Committee approved to dig a hole on their private property up by the Lund spring to put trash in. Christina will find a date and advertise to include more community members. Jimmy gave the okay to spend Town Council money on BBQ food as an incentive for the clean up. Jimmy asked if the Town council would reimburse him for a sprayer from Cal Ranch in the amount of \$350. He sprays the weeds around town every year and would like this sprayer that hooks to the back of his 4 wheeler for it. Lee made a motion to approve, Ann seconded and all approved.

County Maintenance of the tree dump. Jimmy will ask when he calls the county. Shawn Hamilton mentioned that we have a need for a real dump here in Lund. Jimmy mentioned he heard that if there is no dump within 20 miles of where you lived that a dump should be provided by the county. Shawn questioned how we will police a dump or make sure that things are going to the correct place. Take Saturdays and have a volunteer there for maybe 4 hours and tell people where to go. We do have the current tree dump that we could use here. Gilbert Griffin mentioned that it is easy to get stuff established but hard to maintain for follow up. Jimmy mentioned that the county hasn't touched the tree dump in 6-8 years since they opened it up.

Vouchers for payment secretary wages motioned by Christina Rimington and seconded by Lee. All members approved.

Jimmy mentioned that a few signs are down in town due to the wind storm we had a few days ago. There is a construction crew putting in the two LED speed limit signs on each end of town. Gilbert asked when the arrows on the turn lane's through town are supposed to be done. Jimmy mentioned in the spring. Franks street light is on and off. Lee will call on it.

Lee mentioned that there are rocks on the road up by the fire station, it needs to be swept. Jimmy mentioned that the county usually sweeps the street, he will call on it. Ann brought up the gun range from a few meetings back, need to get on the county commission meeting agenda to discuss it. It was discussed that we need more Sherriff presence in the community.

Public Comment: None

Lee motioned to adjourn, Christina seconded and all members approved. The next meeting will be on May 10, 2022 @ 6pm @ the Lund Community Building.
