

Lund Town Council Minutes for meeting June 9 2020

Page one

The regular meeting of Lund Town Council was brought to order by Chairman, Jim Allred.

Public Comment: Frank Reid was present to ask Council to please try and get speed limit signs and road repairs for First streets East and West. The Council thanked him for coming and addressing his concerns and informed Mr. Reid that the Council has been working on this for over 4 years. We are all disappointed in this fact especially when another resident had to ask.

Elizabeth Francis was present to discuss the possible down fall of expected revenues that may be reduced county wide approximately 20 to 50% due the State shut down of businesses that generate sales tax revenue. She reported to keep this in mind in planning any expenditures and to be cautious through the rest of the fiscal year since the following fiscal year is where we might see the 20 to 50 % cut of revenue for the Council.

Lee Ringueberg made a motion to approve the minutes of last meeting, March 10, 2020, Christina Rimington seconded that motion and all members approved.

Lee made a motion to approve Kris Jacksons' s next three months of cemetery contract work and to submit vouchers to the County office for payment, Lance Matheson seconded this motion and all members approved. Christina made a motion to approve secretary's wages payment voucher, Lee seconded it and all members approved.

Nothing to report on the Council's community involvement or upcoming events.

Lee reported that all street lights are working correctly. Jim asked that letters be drafted again to Nevada Dept of Transportation for speed limit signage again. A letter to White Pine County Road Dept and WPC Commissioners again on trying to the First Streets East and West fixed as they are now falling apart since the last requests. A letter Nevada Highway Patrol to try and get some help in regulating the high speed motorist that fly thru town and pass illegally in the middle of Lund. A letter to the White Pine County Sherriff's office asking for at least 40 hours a week patrolling to help prevent serious accidents and crime in the White River Valley area. Also a letter to Jackson Griffin in thanks for his Eagle Scout project of cemetery improvements to him and all the volunteers. Secretary will draft these letters and get them out to the Council for review and signatures.

Lee made a motion to adjourn, Lance seconded that motion and all members approved. The next regular meeting will be July 14, 2020 @6pm at the Lund Community Bldg.
