NRS 361.453 **LIMITATION ON TOTAL AD VALOREM TAX LEVY.** Except as otherwise provided in NRS 354.705, 354.723, 387.3288 and 450.760, the total ad valorem tax levy for all public purposes must not exceed \$3.64 on each \$100 of assessed valuation, or a lesser or greater amount fixed by the State Board of Examiners if the State Board of Examiners is directed by law to fix a lesser or greater amount for that fiscal year. During the 2003 Legislature, the State of Nevada imposed an additional \$.02 statewide outside the tax cap to bring the total to \$3.66.

The amount of revenue that a political subdivision is allowed to generate by taxes ad valorem except for debt service is limited by NRS 354.59811 as follows:

Generally, tax bills are calculated by taking the assessed value of your property and multiplying it by the tax rate for your district. However, NRS 361.4722 provides that tax liability in excess of 8% over the prior year will be abated for all property other than residential property. NRS 361.4723 and NRS 361.4724 provide that tax liability in excess

of 3% over the prior year will be abated for residential property and for qualifying residential rental property. New property receives no abatement in the first year of existence. The tax rates published here will be used to calculate your tax liability, however, your tax bill will reflect all applicable abatements.

Assessed value of property is determined pursuant to NRS 361.227 by establishing a “taxable value” of property which is the market value for land added to the replacement cost for improvements, less all applicable depreciation and obsolescence.

The combined tax rate for taxes ad valorem is calculated as follows:

- a. Operating rate (limited by NRS 354.59811) for each taxing entity.
- b. Debt rate for each taxing entity, which is a rate sufficient to generate revenues to pay principal and interest on the outstanding tax supported debt.
- c. Combined school rate which includes a legislatively approved operating rate for all schools in the State and the debt rate for each individual school district.
- d. State rate which is a legislatively approved rate which is used to support special major statewide projects such as dams or state parks.

Notice is hereby given that on the following date public hearings for the following entities will be held to adopt a budget and tax rate for the fiscal year beginning July 1, 2020.
